Wednesday, August 5, 2020

Good Afternoon DAEP families,

I hope this communication finds you and your families healthy and safe during this unprecedented time. The DAEP staff is extremely excited to see our students in only 14 days from today! Although this particular school year start will look different, our promise of ensuring a guaranteed and viable curriculum delivered with high quality instruction will not waiver due to the unfortunate circumstances created by COVID-19. Our high quality teaching will continue to remain student focused, relationship-driven, intentionally personalized and student owned, regardless of situation.

The purpose of the information below is to detail and clarify what school will look like for our students in this virtually rigorous learning environment known as Klein Online. The information found on the link below will help students and families navigate this new online experience as it varies greatly from the Klein At-Home Learning platform used in Spring 2020.

Please [Click Here](#) to access general information regarding the Klein Online student experience, DAEP's **specific bell schedule** that will stay the same in both Klein Online and Klein On-Campus, along with an example of what a teacher's weekly update (including class Zoom link) will look like in Schoology.

Lastly, stay tuned for future resources and tools supporting covering a variety of topics such as how to log into Schoology, where to find course information and how to access your child's specific schedule in Skyward for the 20-21 school year.

As always, please don't hesitate to contact us at 832-249-4801 for any assistance or further questions that you may have. Thank you for your partnership; we look forward to working with your amazing student(s) soon!

Respectfully,

The DAEP Administration
